

Altenrhein Aviation (AAL AG) is a medium-sized MRO with headquarters at Altenrhein Airport in Switzerland. Since January 2022, we are part of the Atlas Air Service Group.

Wolfgang, who is retiring after 44 years with our company, is looking for an **Aircraft Sheet Metal Mechanic 100% (a) who can take over his position**
(based at Altenrhein Airport)

RESPONSIBILITIES

- Repair and replace aircraft structural components
- Assemble aircraft components
- Seal fuel tanks and structures
- Read and comply with manufacturers' maintenance manuals, service bulletins, technical data, engineering data and other specifications to determine feasibility and methods of repair or replace malfunctioning or damaged components
- Check and document work carried out and, if necessary, assist in further technical processing with OEM (manufacturer)

REQUIREMENTS

- S- license and experience on Embraer, Cessna, Gulfstream, Pilatus or Piaggio aircraft types is beneficial
- Must hold a Swiss or EU passport and a driving license
- High degree of self-responsibility to perform the designated work and completion of maintenance / aircraft documentation
- Ability to work independently
- Good IT skills
- Excellent team player
- Good knowledge of English (written and spoken), German and/or French is a plus

BENEFITS

- Flexible working hours
- Long term employment
- Chance to obtain more type-ratings
- Independent work environment in a growing mid-sized company
- Attractive terms of employment

If you wish to take over this chance, please send your application to Human Resources: hr@aal.aero (Mrs. Janette Ritz)
